**ORDER**

**Adopted: February 13, 2002**

**Released: February 15, 2002**

By the Accounting Policy Division, Common Carrier Bureau:

1. Before the Accounting Policy Division is a Request for Review filed by Prince George's County Public Schools (PGCPS), Upper Marlboro, Maryland, seeking review of a decision issued by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (Administrator).<sup>1</sup> PGCPS seeks review of SLD's denial of its Funding Year 3 application for discounted cache servers under the schools and libraries universal service mechanism.<sup>2</sup> For the reasons set forth below, we deny the Request for Review and affirm SLD's decision.

2. Under the schools and libraries universal service support mechanism, eligible schools, libraries, and consortia that include eligible schools and libraries may apply for discounts for eligible telecommunications services, Internet access, and internal connections.<sup>3</sup> The Commission's rules require that the applicant make a bona fide request for services by filing with the Administrator an FCC Form 470, which is posted to the Administrator's website for all

<sup>1</sup> Letter from Orin R. Heend, Funds for Learning, L.L.C., on behalf of Prince George's County Public Schools, to Federal Communications Commission, filed October 2, 2001 (Request for Review).

<sup>2</sup> See Request for Review. Section 54.719(c) of the Commission's rules provides that any person aggrieved by an action taken by a division of the Administrator may seek review from the Commission. 47 C.F.R. § 54.719(c).

potential competing service providers to review.<sup>4</sup> After the FCC Form 470 is posted, the applicant must wait at least 28 days before entering an agreement for services and submitting an FCC Form 471, which requests support for eligible services.<sup>5</sup> SLD reviews the FCC Forms 471 that it receives and issues funding commitment decisions in accordance with the Commission's rules.

3. Applicants may only seek support for eligible services.<sup>6</sup> The instructions for the FCC Form 471 clearly state: "You may not seek support for ineligible services, entities, and uses."<sup>7</sup> The instructions further clarify that "[w]hile you may contract with the same service provider for both eligible and ineligible services, your contract or purchase agreement must clearly break out costs for eligible services from those for ineligible services."<sup>8</sup> Although SLD reduces a funding request to exclude the cost of ineligible services in circumstances where the ineligible services represent less than 30 percent of the total funding request, SLD will deny a funding request in its entirety if ineligible services constitute 30 percent or more of the total.<sup>9</sup>

<sup>9</sup> See *Request for Review of the Decision of the Universal Service Administrative Company by Uby Community Schools*, *Federal-State Joint Board on Universal Service*, *Changes to the Board of Directors of the National Exchange Carrier Association, Inc.*, CC Docket Nos. 96-45 and 97-21, Order, DA 00-1517 (Com. Car. Bur. rel. July 10, 2000); *Request for Review of the Decision of the Universal Service Administrator by Anderson School*, *Federal-State Joint Board on Universal Service*, *Changes to the Board of Directors of the National Exchange Carrier Association, Inc.*, File No. SLD-133664, CC Docket Nos. 96-45 and 97-21, Order, DA 00-2630, para. 8 (Com. Car. Bur. rel. November 24, 2000). The "30-percent policy" is not a Commission rule, but rather is an SLD operating procedure established pursuant to FCC policy. See *Changes to the Board of Directors of the National Exchange Carrier Association, Inc.*, *Federal-State Joint Board on Universal Service*, CC Docket Nos. 97-21 and 96-45, Third Report and Order in CC Docket No. 97-21 and Fourth Order on Reconsideration in CC Docket No. 97-21 and Eighth Order on Reconsideration in CC Docket No. 96-45, 13 FCC Rcd 25058 (1998). This operating procedure, used during SLD's application review process, enables SLD to efficiently process requests for funding for services that are eligible for discounts but that also include some ineligible components. If less than 30 percent of the request is for funding of ineligible services, SLD normally will issue a funding commitment for the eligible services. If 30 percent or more of the request is for funding of ineligible services, SLD will deny the application in its entirety. The 30 percent policy allows SLD to efficiently process requests for funding that contain only a small amount of ineligible services without expending significant fund resources working with applicants that, for the most part, are requesting funding of ineligible services.

Thus, an applicant that seeks support for eligible services in an Funding Request Number (FRN) that also includes ineligible services can avoid denial by subtracting out the cost of the ineligible services at the time of its initial application.

4. At issue are twelve FRNs, denied in full or in part by SLD because they requested discounts for cache servers.<sup>10</sup> In the *Tennessee Order*, the Commission concluded that cache servers were not eligible for discounts.<sup>11</sup> In its Request for Review, PGCPs requests that we reconsider that decision and reverse its outcome. In support of this request, PGCPs offers evidence and arguments supporting its position that cache servers should be eligible as internal connections. However, the 30 day period of time for seeking reconsideration of the *Tennessee Order* has expired.<sup>12</sup> Therefore, we find that, under the *Tennessee Order*, SLD correctly denied funding for cache servers requested in the pending application.

ACCORDINGLY, IT IS ORDERED, pursuant to authority delegated under sections 0.91, 0.291, and 54.722(a) of the Commission's rules, 47 C.F.R. §§ 0.91, 0.291, and 54.722(a), that the Request for Review filed by Prince George's County Public Schools, Upper Marlboro, Maryland, on October 2, 2001 IS DENIED.
